

**MEDIA RELEASE AND WAIVER FORM**

As part of its summer swimming activities, the BC Summer Swimming Association (“**BCSSA**”), the **Fraser South** (the “**Region**”) and the **North Delta Sunfish** (the “**Club**”) often publish photographs, videos, and interviews of BCSSA athletes in their respective promotional materials and on their respective websites. In addition, the BCSSA, the Region and the Club often receive requests from local and provincial media sources to provide basic personal information about BCSSA athletes for inclusion in publications.

As such activities generally involve the disclosure of BCSSA athletes’ personal information, the BCSSA, the Region, and the Club hereby request your consent to the following activities:

1. The taking of photographs, videos or interviews of BCSSA athletes to be published in print, electronically or otherwise by the BCSSA, the Region or the Club in their promotional materials, (including but not limited to brochures, bulletins, programs, flyers, etc.), on their respective websites and in provincial and local media sources (newspapers, websites, etc.); and
2. The disclosure to provincial and local media sources of BCSSA athletes first and last names, gender, age, hometown, enrollment in swimming activities, swimming results and swimming achievements to be published alongside or independently of the photographs, videos or interviews of BCSSA athletes discussed above (collectively, the “**Activities**”).

While BCSSA, the Region and the Club are seeking consent and release in relation to the above Activities, consent is not required with respect to publically available information such as information, photos and videos collected by observation at a public sporting event. Neither BCSSA, the Region nor the Club may restrict such activity at public events.

I have read the above and:
